

“We Shine Brighter Together” AT&T Hillcrest Public Artwork Proposal

By Sarah Stieber in collaboration with Monty Montgomery

I plan to create a celebratory work of art highlighting the impact of San Diego’s LGBTQI Community on San Diego’s vibrant culture. This artwork will honor and depict four inspirational San Diego-based creatives and small business owners with a range of LGBTQI identities, donning clothing created by LGBTQI fashion designers.

The goals of the artwork are to:

1. Delight the Hillcrest community and empower the small business community in these trying times.
2. Collaborate with and celebrate the LGBTQI community with a photoshoot that captures local entrepreneurs wearing custom designs by queer fashion designers and painting their likeness’ into the artwork.
3. Beautify Hillcrest with vibrant, positive, and magical artwork!

The Concept - “We Shine Brighter Together”

Four prominent small business owners shine their “powers” onto one another. Where their powers unify and intersect, an energetic explosion of rainbow-colored shapes is created. I will be collaborating with esteemed muralist [Monty Montgomery](#) who will paint the colorful geometric shapes, symbolizing the magic that emerges when unifying as a community.

Please note that this mockup repeats the likeness of “Super Spectrum” and the final work of artwork will feature original paintings of two male-identifying figures facing one another on 6th Ave and two female-identifying figures facing one another on University Ave. The models will be painted in different but similar positions to “Super Spectrum”, and will be wearing clothing and accessories by designers outlined in the mood board.

University Ave Wall, 72' x 6'

Zoe Crenshaw ("Super Spectrum") and Dani Dauntless

Corner of University Ave and 6th Ave

Left corner will feature Zoe Crenshaw (Super Spectrum) and right corner will feature Vivi Incognito

6th Ave Wall, 54' x 6'

Featuring Vivi Incognito and Will Gustwiller
